January 24, 1946

To: REGIONAL AND ZONE MANAGERS AND DEALERS

Subject: LUBRICATION AND CAR IDENTIFICATION CHARTS

We are sending under separate cover a new Lubrication Chart on the 1946 models and a Car Identification Chart covering models from 1935 through 1946.

Post these in prominent places, one in the Lubrication Department; the other in the Parts Department. You will find them useful and the information supplied will save you time.

Direct shipments of one each are being made to dealers and they are supplied without charge. Dealers may obtain additional copies by writing their Zone Office.

Very truly yours,
