Subject: Distribution of Service Manuals, Parts, and Price Books

For the purpose of adequately controlling the proper distribution of Service Manuals, Flat Rate Manuals, Technical Charts, Parts Lists, Price Lists and other books of a costly nature, the following procedure is now effective.

All Dealers will be sent one copy "No Charge". All Zones will be sent two copies "No Charge". All new Dealer Kits will include one copy "No Charge". Additional copies desired by Dealers are to be ordered from Zones. A nominal charge to cover the cost of printing will be made on all additional copies. Cost of additional copies will be quoted at time of original distribution. Zones may order for stock for reshipment to Dealers. A charge as indicated above will be made for these.

Very truly yours
