To: REGIONS, ZONES AND DEALERS

Subject: NEW SPECIAL SERVICE TOOL PRICE LIST

Attached is a revised Packard Special Service Tool Price List effective October 1, 1947. This list supersedes any previously issued.

The Kent-Moore Organization, which supplies Packard special tools and equipment, has in spite of improvements in manufacturing efficiency been unable to offset increases in cost. Rather than develop an increase based on a general percentage adjustment, they have, after carefully examining their costs, adjusted certain prices. In some instances prices will be reduced because of increased volume or manufacturing reasons while others will show an increase.

The attached prices are now in effect and orders for this equipment should be sent direct to the Kent-Moore Organization, General Motors Building, Detroit 2, Michigan with checks made out to the Kent-Moore Organization.

Very truly yours,

N. A. Lull
Service Technical Manager
