Subject: PACKARD SERVICE TOOL PRICE REVISION

We have just received word from the Kent-Moore Organization, Inc. of a price increase on Packard Service Tools which they sell.

During the past several months substantial increases in labor and material have placed a heavy burden on cost. This increase in price has, therefore, become necessary but actually represents an over-all adjustment of less than five per cent.

The effective date of this price increase is September 1. In view of the short notice, however, the Kent-Moore Organization is extending a ten-day period of grace on the new price list. Actually the new prices will become effective September 10, 1948.

Very truly yours,

N. A. Lull  
Service Technical Manager
